# Quick Vision System Specials

All Packages includes:  
2 Days Training & A2LA Certified Calibration

## Systems Include:

- Machine Stand
- Dell PC SYSTEM w/ 19" monitor
- QV PAK V.7.5 Software
- Color Printer, PC Table
- 1.0x Objective Lens for QV
- Glass Calibration Chart

## FEATURES

- Superior Technology and Performance
- High Performance Multi-Auto Focus provides optimal focus for various surface types significantly improving accuracy
- Improved optical path provides brighter, clearer images with reduced flare and higher edge detection capability
- Variable RGB Color LED Illumination capabilities provide allow edge detection not possible with conventional white light (APEX Models)
- A Programmable Power Turret covers a wide range of magnifications, supporting a variety of measurement applications
- Easy to use QVPAK software utilizes high level inspection algorithms that reduce image noise and improve measurement capabilities
