## Mitutoyo America Corporation Announces Grand Opening of Huntersville M<sup>3</sup> Solution Center

AURORA, IL – June 7, 2016 – Mitutoyo America Corporation announces the relocation and grand opening of the M<sup>3</sup> Solution Center in Huntersville, NC. This new 7,700-square-foot facility is conveniently located for customers to schedule appointments for product demonstrations, assistance with application challenges and metrology solutions, as well as product and educational training seminars. The M<sup>3</sup> Solution Center is located at 11515 Vanstory Drive, Suite 140, Huntersville, NC 28078.

“Our goal is to provide timely metrology solutions to our customers in a region that is home to automotive, medical, appliance and agricultural equipment industries, as well as machine shops. The benefit of moving into a larger M<sup>3</sup> Solution Center is the accessibility in offering experienced metrology specialists to our customers in order to provide up-to-date and knowledgeable metrology information for any situation they may encounter,” says Todd Himes, Southeast regional sales manager.

An open house will be held on Wednesday, June 29, 2016, from 8 a.m. – 4 p.m. The festivities will include presentations, demonstrations, facility tours and refreshments. If interested in attending the event, RSVP to [ernie.jarvis@mitutoyo.com](mailto:ernie.jarvis@mitutoyo.com).

**For media only:** To commemorate the event, please join us for the grand opening and ribbon-cutting ceremony on Tuesday, June 28 starting at 10:45 a.m. The celebration will include live demonstrations, facility tours and refreshments. If interested in attending the event, RSVP to [ernie.jarvis@mitutoyo.com](mailto:ernie.jarvis@mitutoyo.com).

###

*Mitutoyo Corporation is the world's largest provider of measurement and inspection solutions offering the most complete selection of machines, sensors, systems and services with a line encompassing CMM (coordinate measuring machines), vision, form and finish measuring machines, as well as precision tools and instruments, and metrology data management software.
