Mitutoyo Releases Renewed IP67 Coolant-proof Calipers

ABSOLUTE encoder technology eliminates need to reset origin.

AURORA, IL – March 9, 2016 –Mitutoyo America Corporation announces the renewal of our 500 Series IP67 ABSOLUTE Digimatic Coolant-proof Calipers.

Product highlights include:

- Incorporates Mitutoyo's ABSOLUTE measurement system. No need to reset the origin.
- The automatic power on/off shuts down the LCD after 20 minutes of inactivity, but the ABS scale origin is unaffected. Power is restored to the display when the slider is moved.
- Can be integrated into statistical process control and measurement systems
- Larger LCD of 9 mm, a 22% increase in height for improved visibility
- Extended battery life of 5 years has been achieved due to low-current integrated circuit
- Easy to operate with advanced ergonomic design that uses only one button
- Battery cap does not require a screw driver for simplified battery replacement

Mitutoyo IP67 ABSOLUTE Coolant-proof calipers can be used in workshop conditions exposed to coolant, water, dust or oil. 100% air-leak test ensures every caliper conforms to IP67.

###

Mitutoyo Corporation is the world's largest provider of measurement and inspection solutions offering the most complete selection of machines, sensors, systems and services with a line encompassing CMM (coordinate measuring machines), vision, form and finish measuring machines, as well as precision tools and instruments, and metrology data management software. Mitutoyo's nationwide network of Metrology Centers and support operations provides application, calibration, service, repair and educational programs to ensure that our 6,500+ metrology products will deliver measurement solutions for our customers throughout their lifetime.
