

NEW PRODUCT ANNOUNCEMENT

Date: April 2021

Dear Mitutoyo Distributor,

Mitutoyo is pleased to announce the release of MF microscope packages that include the M2 geometric software and touch screen tablet as well as a retrofit package for D generation MF and MF-U microscopes in the field. The M2 software is easy to use and allows for graphic based part view feature construction. The user can also apply tolerances, export data, and create reports.

If you would like further information or assistance regarding this product, please contact your Mitutoyo Precision Tool Sales Representative or the Mitutoyo Sales Office in your area.

1. Product Name: **MF/MF-U Measuring Microscope with M2 Software Package**
2. Product Part Number: **(See List Below)**
3. List Price: **(See Introductory List Pricing Below)**
4. Discount Classification: **B**
5. Delivery Information: **Available Now**
6. Literature: **Bulletin No.: 2314**
